Double science lesson means we have the time to master titrations. Students are using equipment that would only usually be used at college.

Proud to get our voices heard at Debate Club this week 🗣️

Big Debate Club @bigdebateclub · Jan 29

Strong curfew opinions this week! Safety or freedom? You decide! 🚧🌃
Thank you to @derbyhighbury, @klAcademy, Harmondsworth Primary in West Drayton, @stjosephsstoke and all **1462** students who took part 😊
Reading through other schools' ideas can help students broaden theirs 📖

SHOULD WE IMPOSE CURFEW ON UNDER 16S?

OPINIONS SO FAR:

Derby High School, Bury - There are many reasons for not imposing curfews such as public transport can affect what time you get home, and if you work in the evenings so cannot be at home to make sure the house is not all homes are safe.

King's Academy, Norfolk - People need to socialise. People make their own lives so need to stay away as much as possible. Enforcing curfews could create more work for the police, and give teenagers a chance to do something very small, which could create problems for the future. This is a family issue not a government issue.

Harmondsworth Primary School, West Drayton - We believe that a curfew is in place to stop parents/carers from worrying, to keep us safe and keep us, as young people, healthy.

St Joseph's College, Stoke-On-Trent - They are teenagers and over time they learn about their abilities and likelihood of harm coming to them. They should have complete freedom and control over their own lives.
